PROVISION
PROTECT YOUR BUSINESS

OUR SUSTAINABILITY COMMITMENT

Building a Secure, Responsible and Sustainable Digital Future
At ProVision, we believe that cybersecurity, innovation, and sustainability are interconnected elements of responsible business development. As a provider of advanced cybersecurity technologies and professional services, we recognize our responsibility to contribute not only to a safer digital environment but also to a more sustainable and resilient future.
We are committed to integrating environmental, social, and governance (ESG) principles into our business operations, decision-making processes, and relationships with customers, employees, suppliers, and business partners.

1. Environmental Responsibility

- Reduce unnecessary consumption of energy, paper, and other resources.
- Encourage digital documentation, electronic communications, and paperless business processes.
- Promote waste prevention, reuse, recycling and recovery where applicable.
- Support responsible management of electronic equipment through authorized partners.
- Encourage energy-efficient technologies when technically and commercially feasible.

2. Sustainable Procurement and Responsible Supply Chain

- Consider environmental, social and ethical criteria in supplier evaluation.
- Encourage suppliers to demonstrate responsible environmental practices.
- Promote durable, reliable and energy-efficient IT solutions where appropriate.
- Support responsible product lifecycle management, including reuse and recycling.
- Encourage transparency and legal compliance throughout the supply chain.

3. Social Responsibility and People Development

- Promote a safe, inclusive and respectful working environment.
- Support equal opportunities, professional development and continuous learning.
- Encourage employee awareness and participation in sustainability initiatives.
- Promote cybersecurity education and awareness.
- Respect human rights and ethical labor practices.

4. Ethical Governance and Responsible Business Practices

- Conduct business ethically and comply with applicable laws and regulations.
- Maintain high standards of information security, confidentiality and data protection.
- Promote fair competition, anti-corruption and responsible business relationships.
- Integrate sustainability considerations into relevant decisions and risk management.
- Encourage accountability and continuous improvement.

5. Continuous Improvement and Long-Term Value

- Identify opportunities to reduce environmental impact and improve resource efficiency.
- Establish relevant and measurable sustainability objectives where appropriate.
- Monitor progress and periodically review sustainability initiatives.
- Encourage responsible technological innovation.
- Engage stakeholders to understand expectations and improvement opportunities.

Our Public Commitment

ProVision is committed to conducting business responsibly, minimizing its environmental impact, supporting ethical and sustainable partnerships, and creating long-term value for customers, employees, business partners, and society.

We believe that protecting the digital world and protecting our shared future are complementary responsibilities. Through responsible innovation, continuous improvement, and sustainable business practices, we strive to contribute to a safer, more resilient, and more sustainable digital future.
